A TLR camera, right?
Are you helping Aoba-san with her report -ing?
Oh no, I'm just walking around testing it out.
...
What's the matter? Yuudachi?
Hurry up, hurry up!
Okay.
Ah, Shigure?
Hm?
Poi
I wanna picture, poi!
Cute.
...
I'd also... love a picture ...
Cute.

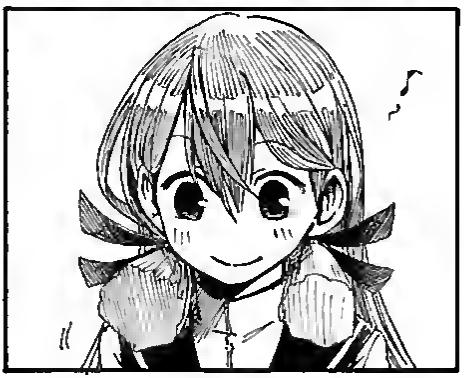
Oi, the hell're you saying?
Wow, a camera, that's a rare sight.
I bet this could take a great picture of Tenryuu-chan's sleeping face
WOW! A camera, dess? Are you guys taking a group picture?
Oh, what's this, what's this? I hear something of import!
Er, no, not really ...
It'd be really interesting with everyone, no!
ごちゃっ
So yeah, sorry, but Admiral...
could I ask you to take our picture?

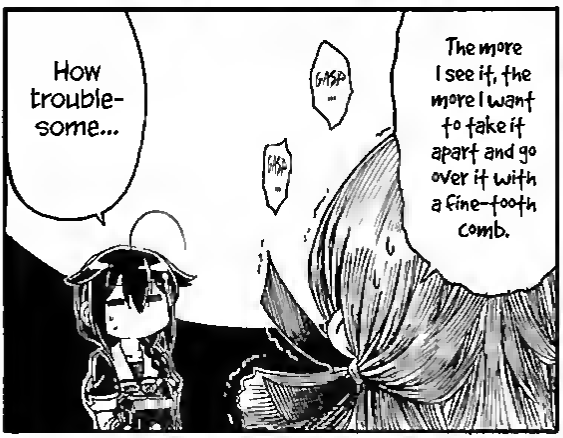
Have you got the samples?
You can count on me!
Got the goods lined up again.
Aoba!
Truly, pictures of cute things are the greatest ...
Fufu ...
Hmph
Our stalwart Nagato-san has a weakness for cute things, huh.
Eh? What?
Spotted
!?
!!
Oh dear
While testing out her camera, Shigure happened to catch a certain transaction on film.
So? Will Mamiya Youkan suffice as payment again-
If everyone else found out, it'd set a bad example and affect morale.
カシャ

It's like rigging, nanodesu
Isn't it BIG?
Wow!
Da!
Hawawa
It opened!?
Waah!
You flip it up from the top to take photos
Khara-sho!
You're tipped left-to night
Huh? Hibiki
Reaaaaaaally?
Cause you normally look at it like this

Yeah! I've been interest-ed in gadgets like that for a while.
But do you really just want to touch it?
Mhm.
I'm doing an experiment!
For Penguins

That's the camera I've been hearing about, isn't it?
Oh!





How trouble-some...
GASP
GASP
The more I see it, the more I want to take it apart and go over it with a fine-tooth comb.

...alright.
Take it.
You done already?

Cameras sure are interesting ...
So that's what happened ...
Heeeh?
In that case, since we're here, why not take one?
Ah, excuse me for prying! I haven't had many opportunities to have my photo taken or such, so ...
Eh? Really?
I'm not used to getting my phone taken?
That's fine.
Uhm... but... didn't I say ...
...alright, then just one.
I'm sure you'll be beautiful.
Mn——...

Huh?
Did I already use up a whole roll of film ...?
I see... I had fun taking pictures of everyone...
It's good to have so many memories saved.
Ah, but
If I'm not careful about taking too many pictures...I'll be drowning in them...
It'd be a waste of film.
She quickly ended up drowning in them.
